

## Managed Office 365

Getting the most out of your Office 365 investment is critical to your overall business strategy. Evolve IP can not only deliver you the right Office 365 packages for each corporate user but also provide full management and US-based support of your cloud-enabled solution.

*Managed Office 365 provides anywhere access to familiar Office tools, enterprise-grade email, web conferencing, document management, business process workflows and US-based Support*

**Get the Microsoft Office you know, with the IT resources you value:**

- Anywhere access to documents
- 24/7/365 US-based support
- Seamless upgrades
- Software installed on up to five devices per user

Your IT team is busy managing disconnected systems, applications, and data with inflexible and slow systems. They take flak from employees and partners demanding access to the corporate network, as well as new tools. It's hard to squeeze in even a few minutes to keep up with new products and evaluate everything you hear.

Managed Office 365 from Evolve IP delivers your organization secure, reliable, enterprise-class communications paired with industry leading migration and support services. With extensive experience navigating the complexities of Office 365 deployments, Evolve IP ensures that you receive a comprehensive and seamless experience with all of the valued benefits of Office 365 including greater efficiency and accessibility. As an extension of your IT team, we ease the burden of daily maintenance and support allowing you the ability to work on more strategic initiatives rather than the tactical aspects of deployment, upgrades and support.

### Evolve IP Managed Office 365 - Standard Features:

- **Collaboration** - With Office 365, teams achieve more by working together effectively in their own unique way.
- **Security** - Designed for today's workplace, Office 365 protects your organization, your data, and most importantly, your people.
- **Intelligence** - With analytics and intelligence at its core, Office 365 gives you the insights and assistance you need to do your best work every day.
- **Mobility** - With a seamless experience across your devices, Office 365 empowers you to get more done wherever work takes you.
- **Support** - 24/7/365 access to US-based Microsoft certified technicians for planning, deployment and management of your Office 365 ecosystem and support for shared computer activation using Remote Desktop Sharing (RDS).
- **Flexibility** - Mix and match Office 365 plans to suit the demands of your diverse workforce.
- **Simplicity** - Pay-as-you go, flat-fee pricing covering both technology and managed services as well as single source license administration and vendor management.
